

CYLINDER ASSEMBLY

TBEI, Inc., a Minnesota based company, encompasses four leading manufacturers of dump truck bodies, hoists, and truck and trailer equipment. TBEI Inc is dedicated and driven to be the leader in the market. We are currently hiring a variety of opportunities to support our customers' needs. Career advancement opportunities are available for those wishing to advance.

Our Cylinder Assembly position is a Temporary position, scheduled for 10-hour workdays, Mondays through Thursdays from 4:15pm—2:45pm with Fridays based on workload. Pay depends on skills/experience.

The Cylinder Assembly position uses impact wrenches and hand tools to assemble parts/components for cylinders that will later get inserted into hoist sub-frames. This makes the hoist that lifts the dump truck bodies. Upper body strength will ensure this person can meet safety, quality and efficiency expectations. Overhead hoists are used to lift anything over 50lbs. but upper body strength is necessary for achieving the tight fit when assembling the components.

If you or someone you know would be a great fit for our growing company, we invite you to apply online at www.TBEI.com or visit us onsite:
